

## **Beverly's Birthdays Item Donation Protocol**

Beverly's Birthdays reserves the right to deny a production donation if it does not meet our product safety and quality control standards. We reserve the right to select items from any received product donation per these standards. All items donated must be new, unexpired, in sealed packaging, and meet the requirements set forth by our agency and funding partners. Additionally, any product deemed unacceptable for resale by a retail outlet or a product that has been recalled, we will not accept.
